

## **ADMISSION PROCEDURE — OTHER STATE STUDENTS (WISHING TO JOIN B.SC. NURSING IN KARNATAKA)**

Apply to KEA if the college / seat is open to outside-state candidates. Some seats via KEA are open to all, but most government seats are for Karnataka domicile.

*Other stated candidates are entitled to opt for “OPEN SEAT” category through KEA.*

Management / NRI / Institutional seats: private colleges normally allocate a portion of seats as management or NRI quota for out-of-state students; application & selection rules vary by college

*(Directly contact the Navodaya college of Nursing admissions office +91 9845208916)*

Document differences: out-of-state applicants will generally not have Karnataka domicile certificates; they must submit domicile / study certificates from their home state if applicable, and follow the college’s management quota application process.

If seats remain vacant after KEA rounds: colleges often fill vacant seats (including management category) per statutory rules — monitor college notices and KEA stray vacancy announcements.
